RE: Copyright Permission for Reproducing the 2016 AISC *Prequalified Connections for Special and Intermediate Steel Moment Frames for Seismic Applications* including Supplement No. 1 and Supplement No. 2.

The American Institute of Steel Construction (AISC) grants permission to reproduce the *Prequalified Connections for Special and Intermediate Steel Moment Frames for Seismic Applications* including Supplement No. 1 and Supplement No. 2 (ANSI/AISC 358-16, ANSI/AISC 358s1, and ANSI/AISC 358s2), including the commentary. An unstipulated number of copies may be produced and bound as requested by the holder of this letter. Under no circumstances shall the document be sold for any fee.

This consent applies only to reproduction of the complete document as described above and electronic copying, inclusion on a database, online posting, or any other use is not permitted.

This limited consent covers only distribution of the reproductions in the United States, its dependencies, Canada, and Mexico, unless specific written consent is granted.

Signed

A handwritten signature in black ink that reads "Cynthia J. Duncan". The signature is written in a cursive, flowing style.

Cynthia J. Duncan  
Director of Engineering, AISC
