

Student Steel Bridge Competition

GUEST TEAM PARTICIPATION

Teams at schools located outside of the U.S. and U.S. territories may request to participate in AISC's Student Steel Bridge Competition as Guest Teams. Guest Teams should review and understand the following:

- Guest Teams must pre-register for the upcoming year's Competition via the AISC SSBC team pre-registration form by the October 30 deadline. Visit www.aisc.org/ssbc to pre-register.
 - Guest Teams will be accepted to participate in SSBC - Regional Events at the discretion of each Regional Event Host School. Guest Team participation is not confirmed until an official invitation has been issued from the Regional Event Host School. Please expect a follow up within 2 weeks of pre-registering.
- Guest Teams are not eligible to receive monetary support from AISC.
- Guest Teams are not eligible to advance to the National Finals.
- Participation in previous years in no way guarantees an invitation to future Regional Events.

**Smarter.
Stronger.
Steel.**
