

Student Steel Bridge Competition

GUEST TEAM PARTICIPATION

Teams at schools located outside of the U.S. and U.S. territories may request to participate in AISC's Student Steel Bridge Competition as Guest Teams. Guest Teams should review and understand the following:

- Accommodations can be made for Guest Teams to participate in SSBC - Regional Events on a limited basis.
- Guest Team participation is up to the discretion of each Regional Event host school.
- Guest Teams must register for the upcoming year's Competition via AISC's [SSBC Team Participation Form](#) by the December 31 deadline.
- Guest Team participation is not confirmed until an official invitation has been issued from the Regional Event host school.
- Guest Teams are not eligible to receive monetary support from AISC.
- Guest Teams are not eligible to advance to the National Finals.
- Participation in previous years in no way guarantees an invitation to future Regional Events.

**Smarter.
Stronger.
Steel.**
