Issued 1/1/2025 supersedes 7/15/2024 version

Dates given below represent the most current version known at the time of update of this list.

This list is a guide to assist with maintaining a current library of reference documents. "Required" (Normative) references are those listed in the Certification programs, Program Requirements, and typical construction documents. "Recommended" (Informative) references are either listed in commentary or found to be useful. Specific Customer requirements, Company procedures, and construction documents may require other references or a revision/version that is different from the most recent listed here.

1. References for ALL Certification Programs	Revision Year
Required (Normative)	
AISC Governing Requirements for Certification Programs	1/1/2025
AISC 207-23 Standard for Certification Programs	9/2023
ANSI/AISC 303 Code of Standard Practice for Steel Buildings and Bridges	2022
RCSC Specification for Structural Joints Using High-Strength Bolts	6/11/2020
Access to ASTM Standards for Structural Steel Fabrication (provided by AISC, or equivalent)	varies
AWS A2.4 Standard Symbols for Welding, Brazing and Nondestructive Examination	2020
AWS A3.0 Standard Welding Terms and Definitions	2020
AWS D1.1/D1.1M Structural Welding Code – Steel	2020
Recommended (Informative)	
AWS B5.1 Specification for the Qualification of Welding Inspectors	2025
AWS B5.17 Specification for the Qualification of Welding Fabricators (replaced AWS WQAG)	2014
2. Building Fabricator	Revision Year
Required (Normative)	
AISC Supplemental Requirements for Building Fabricators	6/1/2024
ANSI/AISC 360 Specification for Structural Steel Buildings	2022
ASTM F3125/F3125M Standard Specification for High Strength Structural Bolts	2021
