

**Certification Bulletin 2017-02**

**Program: AISC Certification Program for Fabricators of Hydraulic Steel Structures**

<b>Issue Date:</b>	March 29, 2017
<b>Effective Date:</b>	March 29, 2017
<b>Supersedes:</b>	None
<b>Bulletin Title:</b>	Program Requirements for Fabricators of Hydraulic Steel Structures
<b>Inquiries:</b>	<a href="mailto:certification@aisc.org">certification@aisc.org</a>
<b>To:</b>	<input type="checkbox"/> All Participants <input checked="" type="checkbox"/> <b>Other: Applicants and Participants</b>

**Bulletin Scope:**

This bulletin provides information on the process and timeline for the rollout of the program requirements listed below:

- AISC Certification Program Requirements for Fabricators of Hydraulic Steel Structures

This new program is currently available for all participants and new applicants. Current participants should apply through the scope change application, which can be found at [www.aisc.org/certification/certified-fabricators](http://www.aisc.org/certification/certified-fabricators). New applicants should submit an initial application which can be found at [www.aisc.org/certification/applicants](http://www.aisc.org/certification/applicants).

**Governing Program Document:** AISC Certification Program Requirements for Fabricators of Hydraulic Steel Structures ([www.aisc.org/certification](http://www.aisc.org/certification))

**Endorsements:** None (Note: Participants and applicants seeking to become a Certified Hydraulic Steel Structures Fabricator are not eligible for the Fracture Critical Endorsement as elements of the Fracture Critical Endorsement are already included as part of the scope of the Hydraulic Steel Structures Certification Program.)

If you have questions, please contact AISC Certification at [certification@aisc.org](mailto:certification@aisc.org) or 312.670.7520.
