Regional Sales Engineer

Are you a sales person trapped in an engineering position? Are your passions and strengths suited for sales, but you still want to remain connected to the engineering field? If so, SMI Steel Products, a division of the CMC Steel Group and a manufacturer of Cellular beams, is the place for you. SMI has an immediate opening for a Regional Sales Engineer based in the Midwest. Qualified candidates should be highly motivated and possess an architectural, civil or structural engineering degree. Must be able to perform preliminary structural designs and develop budgets based on clients needs with minimal supervision. Strong communication, presentation, and promotional skills are essential. Regional travel required. SMI offers excellent benefits and compensation packages including competitive salaries, 401k, profit sharing, medical insurance, and car allowance.

For immediate and confidential consideration, please e-mail or fax resume with salary considerations and references to:

Vice President
SMI Steel Products
2305 Ridge Road, Suite 202
Rockwall, TX 75087
Fax 972-772-0882
E-mail: marketing@cmcsg.com

Taylor Technical Publications & Consultants

Helping steel fabricators comply with the
AISC Standard for Certification of Steel Building Structures

You may choose to have one of our Certification & Compliance Specialists work with you to complete any or all of the following:

- Conduct a GAP analysis of your documentation to the standard.
- Bring your quality manual and procedures into compliance.
- Conduct a pre-audit assessment to prepare your shop.
- Provide assistance during your formal audit.

Please contact Janette Taylor at 480/423-7072 or jtaylor@ttpcinc.com

EMPLOYMENT NATIONWIDE IN STRUCTURAL/MISCELLANEOUS/ and STEEL BRIDGE FABRICATION

ProCounsel is in communication with over 3,000 Structural, Miscellaneous and Steel Bridge Fabricators. There is a big, urgent demand for your knowledge and your years of experience. We can market your skills to the steel fabrication industry without identifying you. Further, we can target a specific geographic area. So we can place you in the city or state of your choice, at the right money, in the right job for you. The employer pays the employment fee and the interviewing and relocation expenses. If you've been thinking of making a change, now is the time to do it. The right location, the right job, at the right money.

AutoSD Steel Detailing

AutoSD Steel Detailing runs inside AutoCAD 14 - 2005, LT 2000 - 2005 and IntelliCAD for detailing structural and miscellaneous steel, roof frames, embedded items, beams, columns, bracing, stairs, stair rails, wall rails, ramp rails, ladders, hip and valley, creating erection drawings and general editing.

Automatic detailing is done with a minimum of input. You configure the program to your detailing requirements. It has Beam to Beam, Beam to Column and Vertical brace to Column connection matching. Carry through piece marks. Import dxf files created by SDS/2, Xsteel, Steelcad and CVSPRO for editing. Extract shop bill information for import into material manager program by E. J. E. Industries and FabTrol. Extract CNC data for Franklin drill line and Peddimat. Backed by a 45 day money back guarantee and free telephone support.
