

## PROJECT MANAGERS

\$100 million SLC area fabricator/erector is seeking Project Managers. Must be capable of managing multiple steel fabrication and erection projects. **Excellent salary and benefits.**

### RESPONSIBILITIES

- Estimating, structural detailing and shop fabrication experience desirable
- Computer skills/Excel
- Negotiating skills
- Engineering degree/background a plus

**If you would like to invest in a long-term career, please fax resume and references to:**

SME Steel Contractors,  
attn: Wayne Searle  
Fax 801-280-3460

**or e-mail resume and references to:**

waynes@smesteel.com

**SME  
STEEL**  
CONTRACTORS

**NEXT GENERATION  
STEEL FABRICATORS**

## RAM International Carlsbad, CA

A leader in structural engineering software seeks:

- **Finite Element Engineers** (Ref. #21221)
- **Structural Engineers (Software Products)** (Ref. #21332)

Please visit our website at:  
[www.ramint.com](http://www.ramint.com)

Or mail resume w/ Ref. # to:  
HR, RAM International  
2744 Loker Avenue West,  
Carlsbad, CA 92010  
EOE

### Project Manager

Accepting applications for Structural Steel Management Position with stable Tampa Bay area firm. Applicants with related construction experience may be considered (i.e. estimating, steel sales, project and/or erection management). Competitive benefits, compensation, and vehicle allowance. Apply via resume to:

2655 Ulmerton Rd.  
Box 325

Clearwater, FL 33762  
FAX: 727-556-0011

[www.PrestigeEquipment.com](http://www.PrestigeEquipment.com)

### STRUCTURAL STEEL FABRICATION EQUIPMENT

**PUNCHES, PLATE DUPLICATOR: 154 ton Peddinghaus F-1154**, Fagor MC-1 CNC Control, 20" x 40" Plate Capacity, 1 1/4" Max. Hole Size, 8" x 8" x 1-1/8" Max. Angle, New 1986, [Ref. #13774]

**170 Ton Peddinghaus F-1170B-30RT**, Fagor 8025GP CNC Control, 30" x 60" Plate Cap., 1 1/4" Max Plate Thickness, 1 1/2" Max. Hole Size, 8" x 8" x 8" x 1-1/8" Max. Angle w/ Hydraulic Punch Stripping, Shear Repositioning & Large Qty. Punch & Dies. New 1998, [Ref. #13755]

#### ANGLE PUNCH LINES:

**6" x 6" x 1/2" Peddinghaus APS 623D**, (2) 66 Ton Angle Punches, Single Cut Shear, 40' Carriage Feed, Variable Gauging, Fagor 8020 CNC, [Ref. #13528]

#### BEAM CAMBERING MACHINES:

**300 Ton Custom Built Beam Cambering Machine**, 10" Diam. x 4" Stroke Main Cylinders, 72" DPR, (2) 150 Ton Pressing Cylinders, (2) Clamping Cylinders, (20) Sets of Spring Blocks, Tee/Beam Straightening Attachment, New 2001, [Ref. #13739]

#### BEAM DRILL/ PUNCH LINES:

**Peddinghaus BDL 760/3 Structural Drilling Machine**, 30" Beam Width, 65' Entry Roller Consisting of (3) 5' Modules and (5) 10' Modules. 55' Exit Roller Consisting of (1) 5' Module and (5) 10 Modules, 38/18 INC Structural Band Saw w/ Mitre Base. Signoscript Marking System, New 2000, [Ref. #14187]

**Peddinghaus (5) Press**, 100 Ton, Fagor 8025 CNC, 39" Trvl. Bridge Type Web Press, 40' Infeed, 40' Outfeed w/ (6) Transfers, 1981/Retrofitted 2001, [Ref. #14248]

**100 Ton Peddinghaus**, (5) Press, Retrofitted w/ Fagor 8025 CNC Ctrl., 36" Maximum Beam Width, 40' Outfeed Carriage w/ Measuring Device, [Ref. #14167]

**For pricing, contact Frank DiSalvo at: PRESTIGE EQUIPMENT CORP.**  
35 Pinelawn Rd., Melville, NY 11747

## EMPLOYMENT NATIONWIDE IN STRUCTURAL/MISCELLANEOUS/ and STEEL BRIDGE FABRICATION

**ProCounsel** is in communication with over 3,000 Structural, Miscellaneous and Steel Bridge Fabricators. There is a big, urgent demand for your knowledge and your years of experience. We can market your skills to the steel fabrication industry without identifying you. Further, we can target a specific geographic area. So we can place you in the city or state of your choice, at the right money, in the right job for you. The employer pays the employment fee and the interviewing and relocation expenses. If you've been thinking of making a change, now is the time to do it. The right location, the right job, at the right money.

### PROCOUNSEL

## AceCAD Software Inc. StruCad – StruM.I.S. Sales Representative

AceCAD has been the world's leading provider of software in the Structural Steel Industry for over 19 years. Our North American office is located close to Philadelphia, PA and we are looking for self-motivated, enthusiastic sales professionals that have experience in the Structural Steel Industry to fill a number of new Sales Positions. We provide a competitive salary and solid benefits package along with a comfortable working environment.

### Requirements

- Experienced in either CAD or MRP software
- Previous Sales experience is desirable, but full training will be provided for the right individuals.
- Willingness to travel
- Strong written and oral communication skills

Alternatively, if you have strong experience in using either StruCad or StruM.I.S. software we can provide full sales training.

### Responsibilities

Provide technical demonstrations of AceCAD products at client locations and trade shows. Identify new client prospects, establish new accounts, retain existing customers and expand sales volume within North America. Must aggressively seek out new client leads and prepare convincing client proposals. Strong prospecting, closing and account management skills necessary to grow the client base.

Send resume to [sales@strucad.com](mailto:sales@strucad.com)

## CONSTRUCTION METAL PRODUCTS, INC.

**Structural Steel and Miscellaneous Metal detailers, sales and estimators needed. Full line of benefits, will assist in relocation near San Marcos, Texas.**

**Please fax resume to: 512-268-2888**

## AutoSD Steel Detailing

AutoSD Steel Detailing runs inside AutoCAD 14 - 2005, LT 2000 - 2005 and IntelliCAD for detailing structural and miscellaneous steel, roof frames, embedded items, beams, columns, bracing, stairs, stair rails, wall rails, ramp rails, ladders, hip and valley, creating erection drawings and general editing.

Automatic detailing is done with a minimum of input. You configure the program to your detailing requirements. It has Beam to Beam, Beam to Column and Vertical brace to Column connection matching. Carry through piece marks. Import dxf files created by SDS/2, Xsteel, Steelcad and CVspro for editing. Extract shop bill information for import into material manager program by E. J. E. Industries and FabTrol. Extract CNC data for Franklin drill line and Peddimat. Backed by a 45 day money back guarantee and free telephone support.

AutoSD, Inc. 8203 LIZELIA RD, MERIDIAN, MS 39305  
Voice/Fax (601) 679-5800, E-mail: [ray@autosd.com](mailto:ray@autosd.com), Web Site: [www.autosd.com](http://www.autosd.com)
