Are you thinking of becoming AISC Certified?

Quality Management Company can help!

Writing your own Quality Manual may be easier than you think. QMC Online (www.qmconline.com) has a multitude of free resources that can save you time and money preparing your documentation required for AISC Certification. At QMC Online, you'll find:

- A downloadable sample quality manual geared to both large and small fabricators, that includes instructive comments from QMC
- Sample procedures with guidance on how to write them effectively
- Required references that meet current codes and standards for your library
- Answers to over 100 frequently asked questions
- Samples of internal audits and more

Make QMC Online your first stop when considering AISC Certification, or call 312.670.7520.

AISC CERTIFICATION DONE THE ATEMA WAY

What do our clients say about Atema?

"Not only did Atema help us prepare for our audit, they also helped us make the better business decisions."

- Midwest-Based Fabricator

"I was able to understand the requirements and develop a clear path to meet the requirements and improve my business."

-Southern-based Fabricator

"Thanks, Atema! We did not receive any Corrective Actions and now we're certified!"

-Northeast-based Fabricator

STRUCTURAL STEEL ENGINEERS & EIT's

Brown Consulting Services, Ltd is an industry leader in structural steel design services. We are seeking structural engineers to join our team of professionals. Structural steel design experience is desired. A bachelor's degree in civil/structural engineering is required. Advanced degrees are preferred.

Brown Consulting Services was formed in 1997. We have completed over 20,000 assignments. Over 98% of our projects are from return clients. We are completely employee owned with future ownership opportunities available to senior engineers. We design structural steel connections, steel stairs, miscellaneous steel along with a variety of other design services. Our projects include large commercial, industrial and institutional structures. Our forensic engineering services include the investigation of structural failures or claims.

We offer a generous benefit package including health and dental insurance; paid holidays and vacation; 401K plan. A relocation package is available to a qualified senior engineer. Our office is located on the north side of Houston, TX. We have a comfortable work environment. Our newly acquired office building is set in a peaceful setting on 12 acres. Working for Brown Consulting, you can enjoy the amenities of a major metropolitan city, and visit the beaches of Galveston on weekends. Contact us today for a great opportunity at:

Brown Consulting Services, Ltd
20325 Budde Cemetery Road
Spring (North Houston), TX 77388
281 260 9749; 281 260 9771 FAX
email us at: hr@brownfirst.com

Structural Steel Detailer

The nation's largest structural steel Fabricator & Erector is recruiting for Structural Steel Detailers.

Ideal candidates will have at least 2-3 years related experience in the structural steel industry, preferably with Tekla X-steel.

Non-US residents encouraged to apply. Schuff is committed to sponsorship.

Project Manager/Detailers/Checkers

SteelStar Corporation is an aggressively growing detailer/fabricator/erector (16-20 Million/Annually) in the Denver Metro area along the beautiful Front Range of Colorado.

Project Manager (\$65-95K Annually)

We are currently seeking an aggressive and skilled project manager with experience in low to mid rise commercial/industrial, miscellaneous and architectural/ornamental metals projects from 500-2000 Tons.

The successful candidate must have a minimum of five years experience in construction project management. Requirements to include, but are not limited to; excellent computer/technical skills, organizational skills, scheduling skills and documentation skills as well as great communication and customer service skills. Most important of all, the successful candidate must have a great attitude! An Associates or Bachelors degree is required; this may be waived in lieu of experience. Relocation to Colorado Required. Must have excellent references and project track record.

Detailers/Checkers (\$15-\$35 Per/Hour)

We are currently seeking (3) skilled Tekla (Xsteel) and (4) AutoCAD/AutoSD detailers & checkers with experience in low to mid rise commercial/industrial, miscellaneous and architectural/ornamental metals projects up to 2000 Tons.

The successful candidate must have a minimum of (3) year's structural and/or miscellaneous steel detailing experience. Requirements include, but are not limited to; excellent computer/technical skills and Tekla or AutoCAD experience. Most important of all, the successful candidate must have a great attitude! Relocation to Colorado Required. Candidate must be able to provide excellent references and drawing examples. All candidates must be currently eligible to work in the United States.

We offer the security of a financially stable company, profit sharing, competitive wages, relocation reimbursement, medical benefits, 401K, paid holidays and paid leave time, and most of all, a fun place to work with opportunity for advancement. Please send resume to: SteelStar Corporation, P.O. Box 218 - Dacono, CO 80514 Attn: Employment - Fax 303.828.4092 or email employment@steelstar.com. Visit us @ www.steelstar.com.

DETAILER WANTED FOR NH COMPANY

SL Chasse Welding & Fab., Inc. is currently looking for an experienced structural steel and misc. metals detailer. Skilled with SDS/2 software preferred, experienced with AutoCAD required, with a minimum of 3-5 years experience. Must possess a strong attention to detail and have good organizational skills. We are an established, high-paced company that has been in business for over 18 years. We offer a competitive and generous benefits and salary package.

Please email resume to:

Ken Worrell
info@slchassesteelfab.com
SL Chasse Welding & Fab., Inc.
8 Christine Drive
Hudson, NH 03051

Regional Engineer – Pacific Northwest

Are you an engineering professional looking for a new challenge that is different and exciting? Are you good at promotion, overcoming roadblocks, working with diverse teams, juggling multiple tasks and managing numerous high level relationships? Are you ready to take the lead in growing the construction market in the Pacific Northwest for structural steel?

The **American Institute of Steel Construction, Inc.**, founded in 1921 as the trade association for the structural steel industry, is looking for the right person to take the lead in promoting the use of structural steel in Washington, Oregon, Northern California, Idaho, Montana and Alaska. Your success will depend on your ability in developing and maintaining relationships with key influencers, pursuing and influencing projects, working with owners and architects, making presentations, conducting seminars, assisting structural steel fabricators with promotional and business development programs and serving on key industry committees. The ideal candidate will be a civil or structural engineer with a minimum of five years experience in building design, construction and/or fabrication and a passion for consultative marketing. Strong communication and computer skills are a must.

To submit your resume for consideration and request a full description of this position, please contact John Cross, Vice President, AISC Marketing LLC at cross@aisc.org. e/o/e

RECRUITER IN STRUCTURAL/MISCELLANEOUS STEEL FABRICATION

ProCounsel, a member of AISC, can market your skills and achievements (without identifying you) to any city or state in the United States. We communicate with over 3,000 steel fabricators nationwide. The employer pays the employment fee and the interviewing and relocation expenses. If you've been thinking of making a change, now is the time to do it. Our target, for you, is the right job, in the right location, at the right money.
