

Are you thinking of becoming AISC Certified?

Quality Management Company can help!

Writing your own Quality Manual may be easier than you think. QMC Online (www.qmconline.com) has a multitude of free resources that can save you time and money preparing your documentation required for AISC Certification. At QMC Online, you'll find:

- A downloadable sample quality manual geared to both large and small fabricators, that includes instructive comments from QMC
- Sample procedures with guidance on how to write them effectively
- Required references that meet current codes and standards for your library
- Answers to over 100 frequently asked questions
- Samples of internal audits and more

Make QMC Online your first stop when considering AISC Certification, or call 312.670.7520.

STRUCTURAL STEEL DETAILING POSITION

Dennis Steel, Inc. is a structural and miscellaneous steel fabrication and erection company located in Leander, Texas. The company is seeking an experienced Structural Steel Detailer for our in-house Detailing Department.

QUALIFICATIONS:

The successful candidate must be motivated, positive and have a can do attitude. You must have a minimum of 2 years detailing experience. The candidate must be authorized to work in the United States and be able to work from Leander, Texas.

We specialize in industrial and commercial projects including medical buildings, schools and churches. You will join a company with excellent track record for quality products delivered in a timely manner. Dennis Steel, Inc. utilizes Macrosoft Detail to detail most of the structural steel and AutoCAD 2000 with SSDCP to detail miscellaneous steel.

We see ourselves as a dynamic organization. We have endeavored to be leaders in changing times -- always evolving to address new needs, issues and priorities. For almost 30 years, DSI has been contributing to improving the living conditions and the well-being of Texans through five key areas of structural steel activities: estimating & bidding, detailing, project management, fabrication and erection.

As an employee, you enjoy the special challenge and satisfaction of delivering our products in a highly competitive marketplace. We value and respect individual differences in ideas, experiences, skills, backgrounds, work styles and lifestyle. We create an environment of trust, compassion, and open and honest communication and support your efforts to balance your work and your personal life.

Location: Leander, TX
Job Type: Full-time
Salary: TBD, relocation assistance available
Available: Immediately
Job ID: SSDP

Please submit your resume and salary expectations to:

DETAILER/DRAFTSMAN

Henard Metal Fabricators, located in Kingsport, Tenn., is currently recruiting for Tekla Structures specialists. Work load is comprised of structural and miscellaneous steel detailing. Experience with column, beam, stair, and rail detailing a plus. Must be analytical and responsible. Three to five years experience with Tekla Structures preferred. Salary based on experience. We offer competitive wages and benefits.

Fax resume to **423.246.1542** or submit a plain text resume in Word format to nancy@henard.com. Please type "Tekla Detailer" in subject line for your e-mail to be considered.

Only applicants with required experience, applicable skills, and qualifications will be acknowledged.

Project Manager/Detailers/Checkers

SteelStar Corporation is an aggressively growing detailer/fabricator/erector (16-20 Million/Annually) in the Denver Metro area along the beautiful Front Range of Colorado.

Project Manager (\$65-95K Annually)

We are currently seeking an aggressive and skilled project manager with experience in low to mid rise commercial/industrial, miscellaneous and architectural/ornamental metals projects from 500-2000 Tons.

The successful candidate must have a minimum of five years experience in construction project management. Requirements to include, but are not limited to; excellent computer/technical skills, organizational skills, scheduling skills and documentation skills as well as great communication and customer service skills. Most important of all, the successful candidate must have a great attitude! An Associates or Bachelors degree is required; this may be waived in lieu of experience. Relocation to Colorado Required. Must have excellent references and project track record.

Detailers/Checkers (\$15-\$35 Per/Hour)

We are currently seeking (3) skilled Tekla (Xsteel) and (4) AutoCAD/AutoSD detailers & checkers with experience in low to mid rise commercial/industrial, miscellaneous and architectural/ornamental metals projects up to 2000 Tons.

The successful candidate must have a minimum of (3) year's structural and/or miscellaneous steel detailing experience. Requirements include, but are not limited to; excellent computer/technical skills and Tekla or AutoCAD experience. Most important of all, the successful candidate must have a great attitude! Relocation to Colorado Required. Candidate must be able to provide excellent references and drawing examples. All candidates must be currently eligible to work in the United States.

We offer the security of a financially stable company, profit sharing, competitive wages, relocation reimbursement, medical benefits, 401K, paid holidays and paid leave time, and most of all, a fun place to work with opportunity for advancement. Please send resume to: SteelStar Corporation, P.O. Box 218 - Dacono, CO 80514 Attn: Employment - Fax 303.828.4092 or email employment@steelstar.com. Visit us @ www.steelstar.com.

Ramar Steel, a member of AISC, is one of western New York State's most reputable structural steel fabricators and erectors. Ramar is located in Rochester—on the shores of Lake Ontario and within the Finger Lakes region of the state. We are seeking experienced, talented and motivated steel industry professionals to support our plant expansion and sales growth. We are currently seeking:

- **Detailer** – minimum 2-3 years structural steel detailing experience (Tekla / XSteel preferred)
- **Project Managers** – to manage multiple fabrication and erection projects
- **Fabrication Manager** – Hands-on professional to oversee shop operation of 15-20 employees
- **Estimators** – Minimum 5 years structural steel estimating experience required

Ramar Steel offers excellent pay, generous medical, dental and life insurance benefits, 401K, profit sharing and bonuses.

Send resumes to mar@ramarsteel.com or fax to **585.263.2734**.

PLANT MANAGER

We have been supplying our quality product from north Texas to top notch General Contractors, Construction Managers and Owners throughout the U.S. since 1958.

Knowledge and hands on capabilities of all fabrication processes a must which minimally includes the operation of computer controlled equipment, scheduling of all production and the staffing and management of all supervisory personnel.

Please do not bother applying unless you have proven experience multitasking in a fast paced constantly changing structural steel fabrication environment.

Position offers a tremendous opportunity for growth and includes a competitive benefits package.

Send resumes to: plantmgr@staleysteel.com

STEEL DETAILER

Boulder Steel, Inc., located along the front range of the Colorado Rocky Mountains in the greater Denver area and one of the largest fabrication shops in the Rocky Mountain Region, is seeking experienced, talented and dedicated **Steel Detailers**. We are looking to add to our experienced team of seven detailers. Utilizing SDS/2, our detailers work on projects ranging in size from the most simple rail designs to complicated buildings in excess of 800 tons. BSI offers excellent pay, great benefits, 401(k), profit sharing, overtime and a relocation allowance. If you are a detailer with at least two years of steel detailing experience, have a two year degree and, preferably, have experience with SDS/2, please respond to this ad! EOE M/F/D/V

AISC Engineering & Research Dept.

Senior Engineer

How would you like to help write the next AISC Manual? If you are looking for the next step in your career, have excellent people skills, and like new challenges, AISC is the place for you. AISC is now seeking applicants for a Senior Engineer position in the AISC Engineering & Research Dept. This is a unique opportunity to apply your design experience in developing AISC's Specifications, Manuals, Design Guides, and other technical publications. You will work with the top engineers, educators and leaders in the North American steel design and construction industry, and will be in a position to establish yourself as an expert in steel design. The position will allow you to use your technical expertise and background to develop tools that benefit the entire structural engineering community and structural steel industry.

Applicants should have a BS degree with structural emphasis in architectural or civil engineering, with an MS or M. Eng. preferred, and a minimum of 3 to 5 years of design experience is required. AISC provides a great working environment offering professional development opportunities, flexibility, excellent resources and a competitive salary with an excellent benefit package.

Send resumes to Cynthia Duncan at duncan@aisc.org.

BIM Modeler

Progressive structural engineering firm seeks a structural 3-D Building Information Modeler interested in an opportunity to join an innovative team involved with adopting a more advanced technological approach to designing, documenting and constructing building facilities across the country.

Responsibilities will include working with design and construction teams in a 3D environment to design and coordinate multi-discipline building design projects and assist the interoperable flow and use of 3D models to the construction team. Qualifications include 3-5 years Tekla detailing or Revit modeling experience and fluency in Autocad.

Submit resume and project biography to Structural Consultants, 3400 E. Bayaud Ave. #300, Denver, CO 80209, fax 303-333-9501. Email: joe@sci-denver.com.
